24. Val Sinclair	Pitsea	1:29:20			

Thanks everyone for taking part – especially those who travelled from north of the A127 and ‘over the water’ to discover that we don’t still eat people in South Essex and have some nice countryside as well! The support from our neighbours was also appreciated. Quite a few people went wrong at some point on a tricky course though some trail race ‘virgins’ did manage a clear round. Congratulations to the Houghton lads on their 1 – 2 position; familiarity with the location must have helped but – as we all know – it can also be a dangerous thing! Well done also to Kerry Marsh on being first lady home; it was nice to see so many females entering the event.

Entry was just below our anticipated numbers but considering it was a Saturday in the holiday season, no pub and there’s been a lot of weekend trail races recently it was very satisfactory and made putting on the event worthwhile.

We didn’t aim to make any profit so after sending off the unattached/ unaffiliated club levy to the Trail Running Association - $14 \times \pounds 2 = \pounds 28$ – (so Dave Game can have a drink next weekend...) the remaining money will be used as prizes for 1-2-3 in male & female categories: £15, £10 & £7:50. They can then buy the traditional wine as it’s a bit hard to post!!!

Cheers - Robert
